

CURRENT RECRUITING PRACTICES AREN'T WORKING

...the stats show it

52 days Hiring is taking longer, up from 48 days in 2011

7% Hiring expenses significantly outpacing inflation year over year

and once hired...

46% of new hires leave within 18 months, costing **100%-300%** of salary to replace

70% of those who stay disengage, costing **\$3400 per \$10k** of salary per year in lost productivity

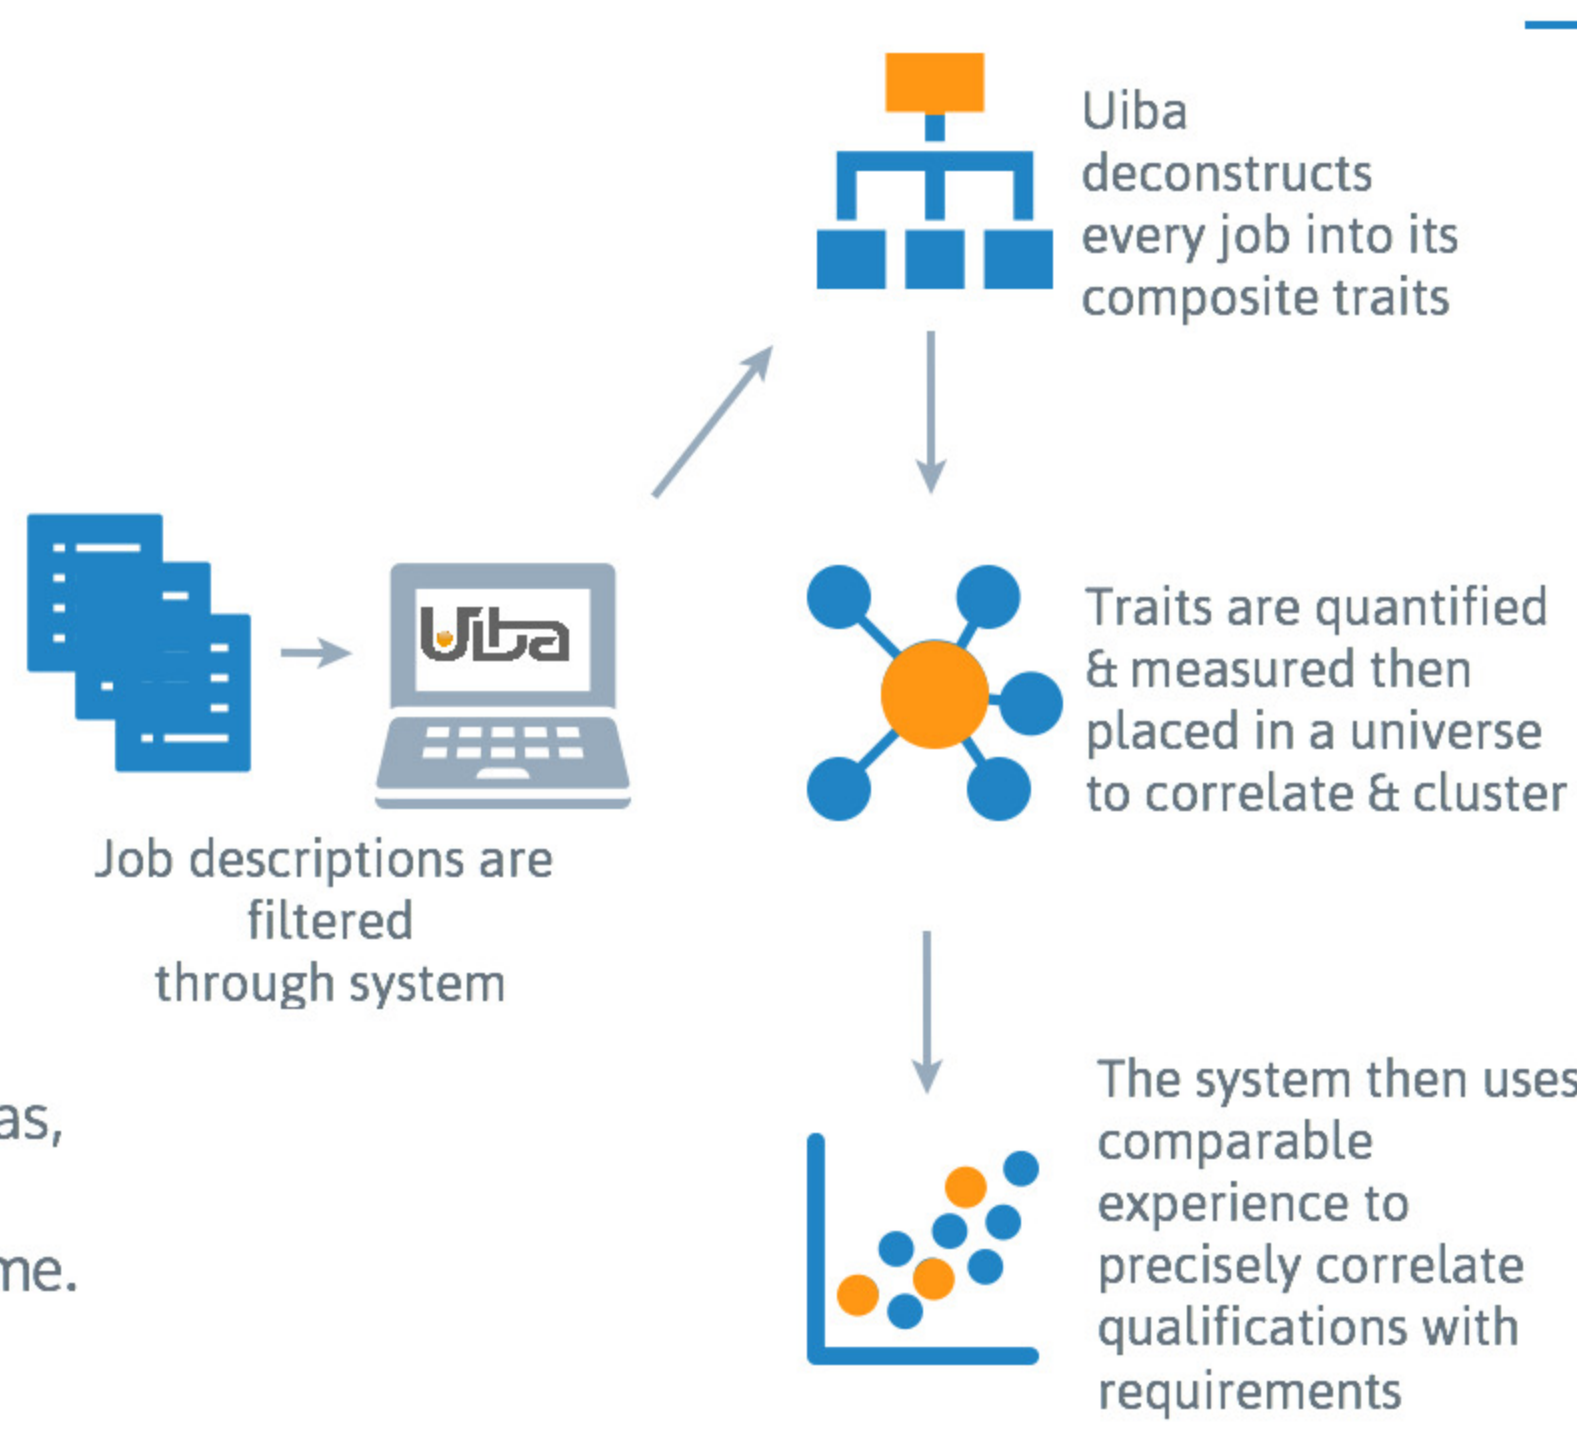

...the system needs an upgrade

UIBA OFFERS A BETTER WAY

Using data science and machine learning, Uiba is the first system to understand every job and its requirements.
